

WFIS | AMERICAS
World Federation of Independent Scouts

December 21, 2021

Greetings to the members of WFIS Americas Region

The Regional Council WFIS Americas, greets in the Traditional Scout Brotherhood, all the members of the Scout Associations belonging to the Region.

We end a year of work and we thank you for the commitment and contribution that They helped us to achieve the goals that we set for ourselves in this first stage. Our purpose is to work in unity and participation for the aggrandizement of WFIS in the countries of the Region.

It has been a difficult year for our Associations due to the pandemic that still limits our actions and that has hit many scout families with the loss of loved ones loved ones or the loss of your job source. We reiterate our solidarity with them.

Christmas has a strong Christian meaning and is a tradition that brings the family together to share and express the love that unites them, renewing faith and hope in the message of peace and happiness for each of its members.

In the world, Christmas focuses its message on peace between human beings and their peoples. Every December 25 the ideals of a better world are renewed, of greater equality and social justice, an aspiration that all of us who promised to fulfill Scout Promise and Law we want to achieve through our Principles and Ideals, making the Scout Brotherhood a lifestyle that allows us to contribute to this greater equality and justice without any distinction.

Let us have faith and hope that the year 2022 will bring us good health and prosperity.

Receive each one of you, a fraternal hug from those of us who make up the Council Regional WFIS Americas.

Merry Christmas!

Let's remember ***"Together we are stronger"***

Always Ready to serve.

Elizabeth García, Humberto Ramírez, Enrique Lavín.
